

We don't need to fuck without a condom to show we love each other.

I want to feel close to him. I want us to fuck without a condom.

**In two minds?** Sometimes you want to share everything. But unless you're sure you both have the same HIV status, there's a real risk you could get or pass on HIV. Weighing up how you both feel against the risks can help you decide whether it's really worth it.

He can do what  
he likes so long as  
he uses a condom.

He can do whatever  
he likes. Condoms  
are up to him.

**In two minds?** Part of the thrill of getting fucked can be giving him control over you. But that doesn't mean you have to risk getting or passing on HIV. Weighing up what really turns you on against the risks can help you decide whether it's really worth it.
